SUMMARY

- UX Designer focusing on implementing human-centered design principles from the start of every project
- Led the design vision and provided product direction for UPoint Content Editor
- Consistently taking solutions from concept to prototype to launch that deliver on business and end-user needs

EXPERIENCE

Senior UX Designer Alight Solutions May 2017—Present

- Designing and prototyping experiences for a wide range of HR and benefits topics
- Contributing design patterns, components, icons, and other elements to the new Thrive Design System
- Lead designer for a streamlined dependent verification solution resulting in clear understanding of verification requirements
- Designed and prototyped an engaging, competitive, “gamified” Financial Health product

Senior UX Designer Aon Hewitt Jan 2012—May 2017

- Promoted to Senior UX Designer in 2015 after starting as a UX Designer in 2012
- Led the design vision and provided product direction for UPoint Content Editor (cloud-based CMS)
- Served as lead designer and defined the process for branding client UPoint sites
- Consulted with clients and client teams on UPoint branding best practices, and sourced hundreds of images that aligned with client branding

UI Designer Creative Circle Apr 2011—Jan 2012

- Contributed designs to a web-based call-center tool
- Contributed to the redesign of the Senior Navigators website (a product that helped seniors purchase Medicare Supplement Insurance)
- Hired on as a full-time UX Designer 8 months later
